**ALMA MATER
(Loyalty Song)**

Hail Dear Old Shaw U,
Thy Sons revere thy name,
Long shall thy works be proud,
Undimmed thy fame.

Time shall thy praises sing,
Glory repay thy tears,
And loud thy praises ring,
Thru all the years.

Noble thy hallways,
Noble thy grassy plains,
Nobler the hearts of men,
Where thou dost reign.

All we who love thy name,
Stout hearts that shall not fail,
All rise and loud proclaim,
Alma Mater, Hail!

IT'S ABOUT US

It's been years that our people have been fighting for emancipation,
Sitting on the edge of their seats in anticipation,
Hoping and praying one day the man, the white man will set us free
From this endless cycle, we continue to see.
We blame the man for all the things that go wrong
From welfare to crack babies, even unemployment
Yup, that ones our favorite song.

He's the reason we've been oppressed, repressed, confused, distorted, and tangled
Stressed out, worn out, flipped out, tripped out and mangled.

We say because of him our people live in poverty,
That's why we feel our life is not a novelty.

But can we blame him for our black men standing on corners,
Lacking education, ending up in the morgue, being seen by a coroner?
Can we blame him for our young people dropping out of school?

Cause they see rap stars, smoking weed, singing songs about thongs making their lives look oh so cool?

We have lowered ourselves by taking a contract over a college degree,
Saying, "Yeah," this is how life was meant to be.

We're killing ourselves, winding up in jail,
Knowing good and well we can't afford the bail.
That's why cell block A, B, and D, are filled with
Mommy and Daddy should be's

So what is the answer to all this confusion?
Are we living a life filled with delusion?

Can't blame the white man for all our pain,
It will take knowledge and virtue in dignity we regain.

By Monica Cutner-Senior Class President

2008 PARTNERS FOR EXCELLENCE

What a year this has been. I can not believe it has come to an end. Life is full of unwritten chapters, continuous beginnings and uncharted adventures. We have worked hard to ensure that new ideas are cultivated and implemented in a way that benefits the entire Junior class.

The overall goal of the Junior class was to bring unification within the student body by building upon student leadership skills, community service, and educational pursuits.

I employ you to take advantage of all the wonderful opportunities that Shaw University has to offer.

We must embrace the coming year with the same unbridled ambition, vision, and courage as we continue to move forward.

The student voice at Shaw University resounds as loud as an ever-beating drum. We are listening, and we are honored to be that voice.

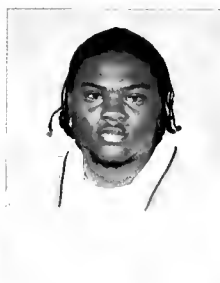

Sincerely,
Tynesha K. Roberts

Class of 2010

WE DID IT!!! I am still in amazement at how, together, we have completed our first year of college, and boy what a year it was! It is only the beginning and yet an enormous accomplishment. During the year, we have learned life lessons inside as well as outside of the classroom; we have bonded with one another and established friendships that will last a lifetime, but most importantly, we did it!

I would like to take this opportunity to say thank you for allowing me to act as the Freshman Class President. All of us have been told we will never forget our freshmen experience, and I must say, serving you was the most rewarding part for me. I am thankful that God sent me to Shaw; not only did I start my college education, but was also blessed to meet people who have made an impact on my life. I have had the opportunity to converse one on one with many of you. We have grown together, laughed together, cried together, and then turned around and missed a few classes together.

I would also like to thank my Freshmen Cabinet that worked hard to make sure that I was on point. I have enjoyed working with you all and appreciate everything you have contributed to this office as well as my personal life.

I look forward to completing our journey at Shaw University together. Once again, it is only the beginning which means we need to prepare to make history here. There is so much talent within the class of 2010 and as long as we continue to support each other and do our part, we can 'Redefine the Standard'!

Class of 2006

My Team

"Excerpts from Senior Sunday speech....."

When it was time for me to decide what college I would attend I prayed to God for his guidance. Even though I was in the position to attend any college I wanted to; I still wanted to be where God wanted me to be. I knew if I followed the path he had designed for me I would reach my destiny.

So Class of 2009, I leave you with the charge of continuing the legacy of working together as a TEAM, and achieve the success that will allow you to walk into the destiny God has placed in your life. Thank You.
